Enhanced Defense Cooperation Agreement (EDCA)

What is EDCA?

Signed in 2014, EDCA enables the U.S. and Philippine militaries to train together, respond to natural and humanitarian crises, and achieve modernization goals.

The Philippines retains sovereignty and control over EDCA agreed locations.

The U.S. and the Philippines determine EDCA locations together, with Philippine leadership providing final approval.

To date, the U.S. has allocated over \$82 million for projects at the five existing EDCA locations.
